MEMORANDUM FOR THE RECORD

SUBJECT: Telecon with [REDACTED]

25X1A

1. Today I called [REDACTED] to advise him that some problems had developed in his processing. I suggested to him that until these were resolved one way or another that he not cut any ties where he is now. I told him that I regretted this development and was sorry to bring him this kind of news but that I felt he should know this sooner rather than later.

2. [REDACTED] thanked me and although he was not in any way hostile, his voice sounded somewhat angry and disappointed. He said he had about gotten things to where he could leave sooner than 1 September, but he guessed now that he best wait until he heard more. I stated that seemed like the best approach and that as soon as the situation was resolved, either I or someone else would be in touch with him.
